GUIDE INDEX COMMERCIAL CANADIEN

2ème SECTION

Commençant à la page B-3, sur papier vert, se trouvent les noms et les adresses des manufacturiers.

3ème SECTION

Commençant à la page C-1, se trouve la Section de renvois géographiques. C'est une liste alphabétique par province. Chaque municipalité est cataloguée dans l'ordre alphabétique sous le titre de la province dans laquelle elle se trouve. Les compagnies sont cataloguées alphabétiquement sous le titre de chaque municipalité.

La population de chaque province est indiquée après le nom de la province. Le nom de chaque ville ou village est suivi du nom du comté ou autre indication du district ainsi que du nombre de la population. Le signe † indique le siège de l'entreprise. Toutes les autres adresses doivent être considérées comme succursales.

4ème SECTION

Commençant à la page D-3, se trouve la liste alphabétique des articles fabriqués au Canada, donnant les noms de toutes les maisons qui les fabriquent.

Le mot principal est ordinairement placé le premier; il est suivi, dans certains cas, d'un déterminant qui en précise le sens, v.g.: "Furniture, bedroom"; "Hardware, builders' "; "Leather, boot and shoe upper", etc. Il y a des cas où cela n'est pas possible et où il faut placer le déterminant en premier, v.g.: "Air appliances"; "Fire escapes", etc. Dans la section française, on a suivi la même méthode et le déterminant est le plus souvent entre parenthèses, v.g.: Bouilloires (thé); Chaudrons (vernis), etc. Lorsque deux noms différents désignent un même article, un renvoi est ajouté. On trouve l'adresse des fabricants dans la partie verte commençant à la page B-3. Un astérisque* indique que le fabricant fait le commerce d'exportation ou qu'il y est intéressé.

5ème SECTION

Commençant à la page E-1, se trouve une Section Spéciale où paraissent les noms et les adresses des Maisons d'exportation, des Maisons d'expédition de même que des Producteurs de produits agricoles. La traduction française des rubriques de cette section se trouve au verso de cette page-ci.

6ème SECTION

A la page F-1 sur papier vert, la Section de Traduction Française commence. Les noms des articles donnés dans l'Index Français sont suivis par leur équivalent en anglais, et l'équivalent anglais se trouve placé alphabétiquement dans la 4ème Section.

Why did G.M. and hundreds of other companies invest in Québec?

Because they thought it was the right time and the right place to make profitable investments.

In fact, of the 305 industrial concerns established in the Province of Québec during the first half of 1965, forty-eight invested more than 240 million dollars. The value of mineral production during 1965 was over 672 million dollars, although Québec's vast mineral resources have hardly been tapped. Québec's water resources are unlimited. Its Hydro Electric Power plants are producing 14.5 billion HP. The communications system of the province is second to none. The mighty St. Lawrence River, stretching from the Atlantic to Chicago, runs for more than 1500 miles through the heart of Québec with Montréal, Canada's metropolis, as the gateway to the seaway.

The province's industrial centres are linked to key cities across North America by rail, by 414 miles of expressways and by a 6,831 mile network of first class highways (187 million dollars were spent on road construction during 1964-1965).

In addition, there are 100 airfields equipped to accommodate commercial and private aircraft. Rich in human resources, Québec has a labour force of more than two million people. The manpower is there.
The province's personal income reached 9.5 billion dollars in 1965. In 1964 the gross national product increased by 9.9%. Now is the time. Québec is the place for you to invest.
